

Arm-Chair Travels in Cambodia

with Dr Ken

Ever wonder what it would be like to sleep in a hammock in a rain forest? What's it like to live in a village with no electricity? Where is the largest religious building in the world?

These and other questions are the topic of the Cambodia Adventure presentation.

This presentation is a virtual visit to Cambodia. Through stories, photographs and show-and-tell items, Dr Ken shares his experiences as an independent tourist in Cambodia.

Some of the topics usually included are:

- Visiting the incredibly old and vast temple complex at Angkor.
- Hiking and camping in a rain forest.
- Visiting a floating village and a stilt village.
- Touring the rural countryside by motorcycle.

The presentation is followed by a question-and-answer session about Cambodia, its people and its history.

Dr. Ken Wadland is an intrepid traveler, a story teller, and an explorer of world cultures. He has visited all 50 of the United States, all 10 Canadian Provinces, plus 45 other countries on 6 continents. Unlike most travelers that go on a tour or in a group and see mostly other tourists, Dr. Ken prefers traveling alone with no advance reservations so as to experience firsthand how the indigenous people live.
